CONTINUING EDUCATION IN KENTUCKY

History:

To assure the public that each nurse licensed in the Commonwealth of Kentucky has reasonably current knowledge of the nursing science and skills needed to provide for the health and safety of persons receiving nursing care, the 1978 General Assembly enacted a continuing education requirement for licensure renewal that became effective in 1982.

Purpose:

As stated in the Kentucky Nursing Laws (KRS 314), the purpose of mandatory continuing education is to require evidence of the nurse's efforts to update his/her knowledge of nursing science and to maintain or develop new nursing skills.

Therefore, any approval granted to a continuing education provider shall be based upon evidence of the ability to plan learning activities which present current nursing content that supports competent judgments and decisions in nursing practice, nursing administration, nursing education, and/or nursing research relevant to the performance of those acts for which nurses are licensed. Content classified as "continuing education" extend beyond the nurse's knowledge from his/her basic pre-licensure program.

Using the term "CEU" vs "Contact Hour":

Continuing education is awarded for courses based on that course having specific learning objectives, a structured outline, and qualified faculty. The accrediting body dedicates the unit of measurement or amount of "credit" awarded for successful completion of the requirements of the continuing education.

For years there has been great confusion between the uses of the term "CEU" and "Contact Hour".

Contact hours refer to the stated amount of time an individual was present during a course. One **contact hour** is equivalent to 50 minutes of clock time.

Continuing Education Unit (CEU) is the term used as the unit of measurement by colleges and university to designate ten (10) contact hours. **The term contact hour and CEU cannot be used interchangeable.** You can see that while 1 CEU is equivalent to 10 contact hours, 10 contact hours **does not** equal 1 CEU.

Kentucky and most nursing continuing education providers require offerings to be determined in **contact hours**. Kentucky's requirement for yearly license renewal is 14 contact hours or the equivalent. The yearly earning period is from November 1 through October 31 of the licensure year.

REQUIREMENTS FOR LICENSURE IN KENTUCKY

According to Kentucky Board of Nursing Administrative Regulation 201 KAR 20:215, validation of CE/competency must include **one** of the following:

1. Proof of earning 14 approved contact hours; **OR**
2. A national certification or re-certification related to the nurse's practice role (in effect during the whole period or initially earned during the period); **OR**
3. Completion of a nursing research project as principal investigator, coinvestigator, or project director. Must be qualitative or quantitative in nature, utilize research methodology, and include a summary of the findings; **OR**
4. Publication of a nursing related article; **OR**
5. A professional nursing education presentation that is developed by the presenter, presented to nurses or other health professionals, and evidenced by a program brochure, course syllabi, or a letter from the offering provider identifying the licensee's participation as the presenter of the offering; **OR**
6. Participation as a preceptor for at least one nursing student or new employee undergoing orientation (must be for at least 120 hours, have a one-to-one relationship with student or employee, may precept more than one student during the 120 hours, and preceptorship shall be evidenced by written documentation from the educational institution or preceptor's supervisor); **OR**
7. Proof of earning 7 approved contact hours, **PLUS** a nursing employment evaluation that is satisfactory for continued employment (must be signed by supervisor with the name, address, and phone number of the employer included), and cover at least 6 months of the earning period.
8. Certain college credit courses may be used to meet the CE Requirements. Nursing courses, designated by a nursing course number, and courses in physical and social sciences such as Psychology, Biology, and Sociology will count toward CE hours. **One semester credit hour equals 15 contact hours; one quarter credit hour equals 12 contact hours.**

STANDARDS FOR VERIFICATION OF MANDATORY CONTINUING EDUCATION EARNING

Following each licensure renewal period, individual licensees (selected by random audit) will be required to submit documented evidence validating continuing education/competency. Verification of mandatory CE/competency earning is not otherwise reported to the Board unless requested.

It is imperative that individual licensees retain for a minimum of five (5) years following the licensure period all copies of certificates of attendance (grade reports, pass—fail certificates, or other documents) verifying successful completion of approved continuing education offerings and/or competency. Certificates of completion for the required HIV/AIDS continuing education must be retained for 12 years. The domestic violence CE certificate should be retained indefinitely.

CONTINUING EDUCATION EARNING REQUIREMENTS

Except for the first licensure renewal following the issuance of an original license by the Board, as a prerequisite for license renewal, all individuals licensed under provisions of Chapter 314 shall be required to document the completion of continuing education requirements not to exceed fourteen (14) contact hours in a given licensure period as prescribed in regulations promulgated by the Board.

STANDARDS FOR RECOGNITION OF ACADEMIC CREDIT EQUIVALENCY FOR CONTINUING EDUCATION CONTACT HOURS

The Kentucky Board of Nursing will convert academic course work into contact hour equivalents using the following review criteria:

1. A nursing course, designated by a nursing course number, and ***beyond the prelicensure curriculum of the individual participant.***
2. A course in the psychological, biological, sociological, or physical sciences, which is ***beyond the prelicensure curriculum*** of the individual participant.
3. An academic course applicable to nursing practice and appropriate for the nurse employed in fields of clinical practice, administration, education, or research. A licensee may request course review for approval of applicable nursing content by submitting an "Application for Individual Review".

One semester college credit hour equals 15 contact hours. One quarter college credit hour equals 12 contact hours.

Prelicensure general education courses, either electives or designated to meet degree requirements, are not acceptable. CPR/BLS, in-service education, or nurse aide training are not acceptable for nursing CE. Questions regarding specific courses and/or circumstances should be directed to the Continuing Competency Program Coordinator at the Kentucky Board of Nursing.

(Reference: Kentucky Nursing Laws – 314.011; 201 KAR 20:215, Continuing competency requirements.)

Earning Continuing Education Hours:

Continuing education contact hours applicable to licensure renewal requirements may be earned by completing any of the following educational activities:

- Offerings provided by a KBN approved continuing education provider;
- Offerings approved by organizations recognized by the KBN (Table 1);
- Academic courses with nursing content beyond that of the prelicensure level;
- Self—study or distance learning courses approved by organizations recognized by the KBN.

KENTUCKY

MANDATORY AIDS EDUCATION REQUIREMENT

The Kentucky Revised Statutes (KRS) 214.615 and 214.610 mandates HIV/AIDS education for health professionals. All applicants for **initial** licensure must comply with the statutory requirement for **two (2) hours** of HIV/AIDS education offered by an approved CE provider. House Bill 140 passed by the 2001 Regular Session of the General Assembly allows Kentucky Board of Nursing to require the two hours of mandatory HIV/AIDS CE to be earned once within the designated 10-year period instead of once every two years. LPNs are required to earn the two contact hours between the dates of 11/1/2001 and 10/31/2011, RNs between the dates of 11/1/2002 and 10/31/2012.

The following **six content areas must be included** in the HIV/AIDS course curriculum:

1. Basic medical and epidemiologic information about HIV and the diseases and conditions it can cause;
2. Information regarding the transmission and prevention of HIV infection, and currently recognized methods of medical treatment for HIV infection;
3. Basic instruction for management of HIV infection in the healthcare workplace and in other commonly encountered working environments. These instructions shall be consistent with federal occupational safety and health standards;
4. A brief review of the moral, ethical and legal issues surrounding HIV infection;
5. Instruction regarding appropriate attitudes and behaviors toward those persons infected with HIV; and
6. Instruction regarding the comprehensive human services available for those with HIV infection. (Reference 902 KAR 2:150 Section 3).

INFORMATIONAL UPDATE

DOMESTIC VIOLENCE **CONTINUING EDUCATION REQUIREMENT**

During the 1996 Regular Session of the Kentucky General Assembly, House Bill 309 was enacted. HB 309 mandates domestic violence training requirements for multiple individuals and groups involved in the potential prevention, intervention, or response to domestic violence situations. The bill contains the following provisions for nurses licensed in Kentucky:

(2) The course shall include the dynamics of domestic violence, effects of domestic violence on adults and child victims, legal remedies for protection, lethality and risk issues, model protocols for addressing domestic violence, available community resources and victim services, and reporting requirements. The training shall be developed in consultation with legal, victim services, victim advocacy, and mental health professionals with an expertise in domestic violence.

(3) No later than June 30, 1999, every health care or mental health professional licensed or certified pursuant to KRS Chapters 309, 311, 319, 335, or 314 on the effective date of this Act shall successfully complete a three (3) hour training course which meets the requirements of subsection (2) of this section. Persons who are granted licensure or certification after the effective date of this Act shall successfully complete the training within three (3) years of the date of initial licensure or certification.

Thus, all nurses with active licensure status on July 15, 1996 had a mandatory requirement to earn 3 hours of Kentucky Board of Nursing approved Domestic Violence CE before July 1, 1999. This is a one-time earning requirement. Any nurse licensed after July 15, 1996, has 3 years from the date of initial licensure to earn the one-time 3 hours of Domestic Violence CE.

Compliance monitoring includes random audits that started in January 2000. Nurses should retain certificates of attendance/completion indefinitely. Copies of CE certificates of completion should not be submitted to the Board unless requested to do so.

Any approved CE Provider may offer the mandatory domestic violence course provided that, as a minimum, the model curriculum approved March 25, 1997, by the Domestic Violence Training Committee of the Governor's Commission on Domestic Violence is followed.

Should you have questions, please call (800) 305-2042 or (502) 429-3300 to contact Mary Stewart, Ext. 237 or Patricia Spurr, Ext. 235.

INTRAVENOUS (IV) THERAPY CONTINUING EDUCATION

Effective September 15, 2004, KBN approved the Kentucky Administrative Regulation, 201 KAR 20:490, governing licensed practical nurse intravenous (IV) therapy scope of practice. This regulation expands the scope of licensed practical nursing practice in the area of intravenous therapy practice.

The regulation identifies IV therapy functions that are recognized as being within the current scope of licensed practical nursing practice, as well as identifies functions that will be an expansion of that practice.

An LPN who has met the education and training requirements may perform select functions except as limited and under supervision as stated in the regulation. The regulation requires that the education and training of LPNs who perform IV therapy contain specific components. For questions concerning this newly adopted regulation, contact Bernadette Sutherland, Nursing Practice Consultant, at 502-429-3307 or 800-305-2042, ext.231. You may also contact Ms. Sutherland by e-mail at BSutherland@ky.gov.

(Reference: 201 KAR 20:490, Licensed practical nurse intravenous therapy scope of practice.)

PHARMACOLOGY CONTINUING EDUCATION

Advanced registered nurse practitioners (ARNPs) are required to earn 5 contact hours of approved continuing education in pharmacology each licensure period. These hours count as part of the CE requirement for the period in which they are earned.

(Reference: 201 KAR 20:215, Continuing competency requirements.)

SEXUAL ASSAULT NURSE EXAMINER CONTINUING EDUCATION

Sexual Assault Nurse Examiners (SANE) credentialed nurses must earn 5 contact hours of approved sexual assault continuing education each licensure period. Forensic medicine or domestic violence CE will meet this requirement. These hours count as part of the CE requirement for the period in which they are earned.

(Reference: 201 KAR 20:215, Continuing competency requirements.)

APPROVAL AS A CONTINUING EDUCATION PROVIDER

A provider of continuing education may be any individual, organization, or entity approved by the Kentucky Board of Nursing. A potential provider should apply to the Board for approval in accordance with regulatory requirements. Evidence of compliance with the administrative standards specified in Kentucky Administrative Regulation 201 KAR 20:220, Nursing continuing education provider approval, is required at the time of application.

An application for initial provider approval may be submitted at any time. Retroactive approval shall not be granted.

INITIAL APPROVAL

Submitting an Initial Provider Approval application is the first step in the approval process, and is required of all nursing continuing education providers for the Commonwealth of Kentucky.

(Reference: Application for Provider Approval; 201 KAR 20:220, Nursing continuing education provider approval.)

CONTINUING APPROVAL

Provider approval should be renewed approximately 120 days prior to expiration of the current approval date for the providership. Continued provider approval is contingent upon:

- evaluation of the provider's past performance, and
- current compliance with Board regulations, standards and criteria for continuing education.

The Board reserves the right to conduct a random audit of providers at any time.

(Reference: Application for Provider Renewal; 201 KAR 20:220, Nursing continuing education provider approval.)

DENIAL, REVOCATION, SUSPENSION, OR PROBATION OF APPROVAL

The Kentucky Board of Nursing may deny, revoke, suspend, or probate approval, or otherwise discipline any approved provider, continuing education activity, or other approved entity for just cause.

(Reference: 201 KAR 20:220, Nursing continuing education provider approval.)

RECORDS AND REPORTS

The provider shall have a system for maintaining and retrieving the records of continuing education offering(s) and participant attendance which facilitates the verification of attendance, contact hours earned, and evaluation of the learning activity.

Record-Keeping System

The provider's record-keeping system shall provide for the maintenance and retrieval of reports and records for a minimum of five (5) years.

1. Records shall be maintained in an accurate and confidential manner.
2. A certificate of attendance shall be awarded only to those successfully meeting the learning requirement of the activity.
3. The provider's records shall indicate whether or not each nurse successfully completed offering requirements, and the number of contact hours awarded to each participant meeting earning requirements.
4. The provider shall indicate any nurse(s) attending but not meeting earning requirements.

Records Numbering System

The Kentucky Board of Nursing's system of assigning provider offering numbers is designed to promote maintenance of accurate records and data retrieval.

1. **Provider Core Number**: A five digit number assigned by KBN constitutes the provider's permanent core number.
 - a) The core number is assigned when an application for providership is approved by the Board.
 - b) The core number is permanent and remains constant from year to year.
 - c) The provider number is nontransferable, and shall be used to identify all communications, records, and/or reports of the provider.
2. **Components of Provider Core Number Digits**.
 - a) **Category of Provider**. The first digit of the provider offering number shall identify the category of the provider.
 - (1) "1" = Professional nursing organization whose membership is restricted to nursing; e.g., KNA, KSALPN, AORN.
 - (2) "2" = Related nursing organizations whose membership includes non-nurses; e.g., KLN, EDNA. Or are organized only on a state or local level.
 - (3) "3" = Education institution's program of offering(s) of continuing education for nurses; e.g., school of nursing or department of continuing education for nursing.
 - (4) "4" = Health service agency employer of nurses; e.g., health department, nursing home, hospital.

- (5) “5” = Health related organizations; nonprofit and/or tax exempt organizations whose services are primarily education and/or research; e.g., American Cancer Society, American Diabetes Association.
 - (6) “6” = Commercial organizations.
 - (7) “7” = Other.
 - b) **Chronological Number**. The second, third, fourth, and fifth digits of the provider’s core number shall be assigned by the Board;
 - c) **Expiration Date**. The sixth, seventh, and eighth digits represent the month and year of the expiration date of providership approval; e.g., 1-11 (January 1, 2011).
 - d) **Offering Number**. Additional digits are assigned by the provider.
 - (1) If an offering is repeated during the approval period, the provider may wish to use the same offering number assigned for the first presentation.
 - (2) Revisions of the offering during the approval period should not require a change of the offering number.
 - e) **Sequential Listing of Provider Offering Number**. The digits of the provider offering number shall be listed in sequence to identify a Board approved provider and offering:
 - (1) The sequential listing resembles a social security number:
3-0916-1-12-015.
 - (2) The first digit “3” identifies the category of the provider as an educational institution.
 - (3) The next four digits “0916” indicate the chronological number assigned by the Board to the provider at the time of approval (Provider Core # = 3-0916).
 - (4) The next three digits “1-12” indicate that the provider approval expiration date is January 1, 2012.
 - (5) The provider assigned offering number is “015” which shall identify the offering regardless of the number of times presented during the approval period.
- 3. The provider offering number shall appear on the certificate of completion to identify the contact hours credited.
 - 4. The provider offering number shall be listed on offering announcements and/or advertisements of an offering.

Participant Roster

The participant roster shall list the names of all individuals who attend the offering. Each nurse shall be identified by RN or LPN, license or social security number. The offering shall be identified by title, provider offering number, and date. The number of contact hours listed shall be accurate and earned by each nurse in accordance with Board standards and criteria.

Offering Records

For each offering which awards contact hour credit for continuing education, the provider shall keep the following information filed in a manner to facilitate data retrieval: the offering number, title, participant attendance roster, written behavioral objectives, outline of content, synopsis or copies of learning aids and handouts, date(s) and time(s) of presentation of each session of an offering, contact hours, expiration date of Board approval, instructor(s) and planner(s) curriculum vitae, summary of participant evaluations, requirements for earning contact hours, and any pre-offering announcements.

Summary of Participant Evaluations

Participants' achievement of the behavioral objectives of offerings shall be summarized for each offering and retained in the offering record.

This summary of participant evaluations shall be reported to the Board (at the time of the providership renewal) as a raw score when any offering evaluation summary reflects a greater than 20 percent below average ranking for any one evaluation item.

Quality Assurance / Audit of Records

As part of the Board's quality assurance program for mandatory continuing education, the continuing education activity of approved providers shall be subject to an audit by the Board. The audit may be a review of all provider activity or a random sampling of these.

1. The Board or its designee may at any time during the continuing education year conduct an audit. At the discretion of the Board, an audit may be conducted to: evaluate the performance and/or compliance with the Board's standards, criteria and/or regulations and/or to investigate complaints.
2. At the discretion of the Board, any one, or all, or a combination of the following methods of auditing may be used to evaluate the provider's educational unit and/or its continuing education activity.
 - a) Structural audit-evaluation of resources and facilities.
 - b) Process audit-evaluation of the planning process.
 - c) Retrospective audit-evaluation of records and reports.
 - d) Outcome audit-evaluation of offering presentation.
3. If an entity chooses neither to comply nor to cooperate with the audit process, Board approval shall be immediately withdrawn.
